Dear DFB-Coordinator-International-Affairs Mr. Markus Weidner,

with this Fax I like to greet DFB-President Dr. Theo Zwanziger and the DFB at all.

As President of the Philippine Football Federation I wish that our good football relation in past periods between our Federations, becomes a more efficient and stronger cooperation in future!

I authorized our official PFF european consultant Mr. Paul Weiler to have a discussion with you how our Federation can achieve a better partnership.

Our Federation PFF has a tradition in football of 100 years and our nation, with its 90 million citizens, would wish a modern football system, which will be in advance to our society.

Therefore we need partners, who are competent enough to solve our football tasks in future (for.example: high quality coaching of our youth players, stable Liga-System, efficient players-, members- and club-registration, football-knowledge-transfer, marketing, more national teams and clubs matches).

Details, how we can get a closer partnership, just communicate with Mr. Weiler, who will contact you.

Sporty and friendly regards,

Yours,

Jose Mari Martinez
Philippine Football Federation President

P.s.: Please commit the Fax-Receipt to our PFF-Consultant Mr. Weiler by using his E-Mail-Address: paweiler@tiscali.de
